## NEW BASEBALL GROUNDS TO BE FORMALLY OPENED

With band playing, baseball men in uniform and a crowd that will stretch the capacity of the stand and field, the Baseball park, on Beretania street, the new home of baseball in Honolulu will be opened this afternoon. The ceremonies attendant upon the formal opening will be elaborate.

When at 1 o'clock this afternoon the band begins to play at Elks' Hall, the rendezvous, it will be for the commencement of the parade through the downtown streets, which will thus formally introduce the players to the people. The parade will consist of seven coaches, in which will be the members of the band, the officials and the players of the five teams. The wagons will be decorated in colors of the teams, each wagon flying the pennant of the club with whose members it is filled.

The parade will move through the downtown streets and then will take its way to the grounds, where after the men being reviewed by the crowds the games will be played.

For the reception of the people there will be as finely appointed a park and stand as could be arranged. The stand will be gay with bunting, there will be flags flying and that there will be no room to spare is a foregone conclusion. The ten boxes for today's games have been allotted by the trustees to the members of the Legislature and officials of the government. They will be escorted to their places as soon as they arrive and thus will furnish the basis of a record-breaking crowd of enthusiasts. The Hotel street cars

will run through to the park as will the extra cars on King street.

The boxes will thus not be available today, but this will not hold good in the future. There will be an auction sale of the boxes for the season, held sometime next week, when the highest bidder will be given his choice of the ten and so on until all but the boxes of the game have been sold. Also after today there will be seats and tickets on sale downtown, but for the initial game such arrangements could not be perfected. There will be as well in the future, it is thought, a score card privilege sold, which will mean that the fancier of the game will be able to follow its play throughout and have all the names of the men engaged in it at his finger's end.

The games of today promise to be full of interest. The first contest will be between the Elks and the Maile Ilimas. The former will play two men who have not yet appeared in their colors, "Toots" Cunha and Knight. Young Cunha will be on first, and the latter will be in right field. The remainder of the team will be the regular one, with Perrine in the box and Meyer at third.

The Mallies will play Mana, who played one game with the H. A. C., but has returned to his old team. Desha will pitch with Clark in reach.

The H. A. C. team will meet the Kamehamehas. There will be a hard struggle between these clubs. Leslie has found it impossible for him to continue behind the bat for the reds, and Louis will go in to make the receiving end of the battery. This will mean the changing of Williams to second and Fernandez to third. Aylett will play in the field.

The games should be close and hard and the people will see as good sport as they could desire. The games will commence promptly on time.

The meeting of the League yesterday afternoon was a most harmonious gathering. The only business done was the unanimous voting of the League that Mana, who played one game with the H. A. C. be permitted to transfer back to his old team, the Maile Ilimas. The pennants were received too and the arrangements approved by the players and managers.

## SEES HONOLULU HILLS PEOPLED BY WEALTHY MEN

Tourist Says That Eastern People Will Make Their Summer Homes in the Hawaiian Islands.

"The wealthy men of America are going to build their summer homes on Punchbowl and Tantalus," said Judge D. H. Paddock of Illinois, on the Gaelic yesterday, after he had returned from a trip about the city.

He is on his way home with his daughter, from a trip around the world. In all his travels, Judge Paddock says he found no place which he liked better than Honolulu.

"I visited the old palace and the beach this morning," he continued, "then I went up Punchbowl. There is nothing finer anywhere. The rich men of the east are coming right through California and build their homes on the slopes of your mountains here. It may not be right away, but they are coming. Your climate here is equable all the year around, and that is what will bring them. I picked out the place where I intend to build my summer home while I was up there."

"I like your city. It is a lovely place, and I would like to stay here longer. To use the words of my daughter, 'Uncle Sam made a grand acquisition when he got the Hawaiian Islands.'"

"Japan? Yes. I was there. I don't like the Japanese. I like the Chinese better. The Japs are clean, the Chinese are dirty. But you can trust a Chinaman, and I wouldn't trust a Jap. I have heard traveling men and merchants in Japan say they can't get fair dealing there any more. When they make a contract they require that the money be deposited in a bank first, and not a Japanese bank either."

"The Japanese are cute, progressive and are learning the ways of the white man. They have fine cities and fine soldiers. I never saw a better drilled lot of soldiers anywhere."

"I've heard people say that the missionaries there made the Japs clean, and educated them, but it appeared to be the consensus of opinion that they fomented trouble. That is not my opinion, but it is what I heard everywhere."
